

Media Data Sheet

GUYSON METALBEAD FS

Guyson Metalbead FS is a soft metallic shot media developed for use in nondestructive blasting and mold cleaning applications where little or no damage to the surface can be tolerated.

Typical Applications: Cleaning without dimensional change – industrial mold and dies; reconditioning scale/rust removal; carbon buildup; de-flashing non-ferrous die castings.

Appearance/Color: The **Guyson Metabead FS** is smooth and round in shape, and its color is metallic black.
